

MONTICELLO CUSD #25

YOUR VOICE. YOUR CHOICE.

VOTE

MARCH 20

As you make your decision on the future of our education path, here are some important facts to know about the new referendum.

Preserves Monticello High School

Our high school students remain on the existing campus, which will receive much-needed upgrades to create an effective and modern learning environment.

Maintains White Heath Elementary

Two elementary grades will continue to be housed at White Heath Elementary.

Impacts at a Lower Rate

There is a 56% reduction (from the 2016 referendum proposal) in property tax impact.

Focuses on Academics

This plan includes 24 new high school and elementary classrooms, 2 new STEM labs, 2 new science labs, air-conditioning for all, and renovation of existing High School classrooms. The Media Center and Auditorium will also be renovated to create environments that invite students to learn and the community to enjoy.
